

Real-time Traveler Information

Available at www.deldot.gov

Delaware Department of Transportation

What's Available

Real-time traffic information is accessible from DelDOT's home page, as well as two separate pages with detailed information.

You can get:

- Live video from over a hundred locations
- Delay at-a-glance (red, yellow, green)
- Travel times for the heaviest-traveled roadways
- A variety of information about DelDOT's transportation network
- DelDOT Apps for Android and iPhone

Use the "Interactive Traffic" page <http://map.deldot.gov> for a map interface to information. Select the layers you want to see.

Interactive Traffic Map

Available at www.deldot.gov

How To Get the Most

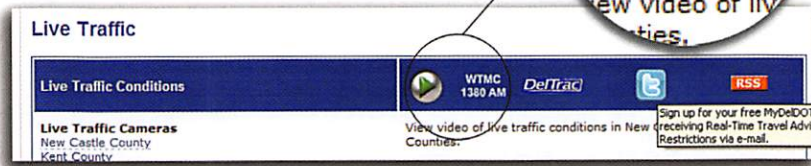

Follow us on **Twitter** by pressing the Twitter button on DelDOT's website, or look for us on Twitter: <http://twitter.com/DelawareDOT>

Subscribe to DelDOT's **RSS Feed** <http://deldot.gov/information/syndication>, to stay on top of frequently updated website content.

"Like" us on **Facebook** by pressing the Facebook button on DelDOT's website, or go to <http://www.facebook.com/DelawareDOT>.

DelDOT's Traveler Advisory radio station, **WTMC 1380 AM**, is available through the website. Just hit the "play" button to hear the streaming radio.

Please contact DelDOT's TMC 24/7 to report any issues with Delaware's transportation system:

- Dial #77 from any cell phone;
- (302) 659-4600 or (800) 324-8379; or
- Email: DelDOTTMC@state.de.us

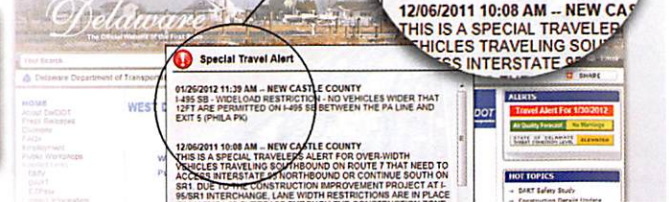

Note: for emergencies, contact 911

Special Travel Alerts are used to call attention to critical **Advisories** around-the-clock.

Special Travel Alert
